1 Hordhac – Introduction

This document serves as a comprehensive guide for learners of the Somali language, designed to support both self-study and community-based instruction.

It is a central hub for:

- **Structured study notes** organized by theme
- **Essential vocabulary** relevant to everyday life
- **Practice exercises** for speaking, listening, reading, and writing
- **Cultural and generational engagement**, including Somali proverbs and dialogues
- **Progress tracking** for students over the course of their learning

The course is intended for learners at all levels and is structured as a series of thematic units that build gradually toward fluency. It is especially suited for summer intensives or weekend community classes.

Why Somali Matters

Af Soomaali la'aanta waa aqoon la'aan.

To be without Somali is to be without knowledge.

2 ISBARASHO – Introducing Yourself

Isbarasho wanaagsan waxay ku bilaabataa salaan iyo su'aalo aasaasi ah. Baabkani wuxuu soo bandhigayaa erayada muhiimka ah iyo weedho si aad u isticmaasho marka aad qof cusub la kulanto.

A good introduction begins with greetings and basic questions. This chapter presents essential words and phrases for you to use when meeting someone new.

2.8 Fiir Gaar ah – Special Note

Baabkani wuxuu xoogga saarayaa fahamka isbarasho, isticmaalkii erayada aasaasiga ah, iyo kalmadaha shakhsiyeed. Soo koobidda weedho iyo ficilada maalinlaha ah waxay gacan ka geysanayaan xoojinta xirfadaha luqadda.

This chapter focuses on understanding introductions, using basic vocabulary, and personal terms. Summarizing daily expressions and actions helps reinforce language skills.
